## "WE DO NOT BREAK WITH OUR ALLIES"

So Says Italian Premier On Leaving Paris Today—Grave Situation In Italy.

(By Associated Press)

Paris, April 24—Bulletin—Italian Premier Orlando this morning reiterated that he would leave Paris today. He added, however, "We do not break with our allies, but hand over our interests to their hands, trusting they will loyally fulfill their mission."

Orlando's departure was first fixed for two o'clock this afternoon, but was postponed until 8 tonight. He issued a statement replying to President Wilson, asserting that he was compelled to withdraw from the peace conference after President Wilson had declared Fiume should not be given to Italy, which statement Orlando regarded as premature.

Orlando said the statement is regarded as a departure from diplomatic customs and left the Italians no course but to withdraw. His position is sustained by the King of Italy who wired there could be no recession from the position Italy had taken.

Meanwhile Premier Lloyd-George called on Orlando before the council met this morning, endeavoring to get the Italian representatives to remain, and a short time later a statement was issued saying departure would be delayed for a few hours. Should the break become definite, however, it was stated in Italian quarters, Italy would take steps with Germany with a view of making a separate peace.

Moreover, it was also said, that the Italian parliament would meet immediately upon Orlando's return, probably in a day or two, and that preliminary instructions had already been telegraphed to Rome.

The Italian people are apparently greatly stirred up over the situation. A Reuter's dispatch today says a demonstration has already occurred at Rome and that the Italian government was taking measures to protect the American embassy there as well as consulates in all Italian cities, in the event of outbreaks.

The situation is admittedly grave, but dispatches reflect hope that some way still will be found to adjust the situation.

Premiers Clemenceau, Lloyd-George and President Wilson met at the usual hour this forenoon but no outline of the topics under discussion was made public, although the China-Japanese questions, reparations and possibly the Italian crisis had been considered.

## ITALIANS OCCUPY DALMATIA

Pisscin Pizzi, of Premier Orlando's staff. A similar force, the captain added, will be sent to the northern region and around Fiume.

## \$3,507.64 FOR JEWISH RELIEF

(By Associated Press)

The campaign for Jewish Relief has closed and the results are gratifying. Old Madison always does her part. She has gone "over the top" in everything she has yet undertaken. The story of the starving millions of Jews in the war-stricken districts of Europe was effectively told by more than fifty workers who assisted in the work of soliciting funds for this worthy cause. The chairman wishes to take this opportunity for thanking the workers for their loyal support in the campaign. Without their aid we could have done nothing. The amount received in cash was \$3,075.64. Pledges \$432. Total \$3,507.64.

After the campaign had closed one philanthropic man in the county who had been overlooked by the canvassers, sent in his pledge for \$50 accompanied by a check for a part of it. We take the liberty of quoting from the letter as the spirit of it as well as the example of the man's act is so worthy of emulation. He said: "I am not a Jew but I know what it is to be hungry. I was in the war stricken part of the south during the Civil War and felt the pangs of hunger and feel it my duty and privilege to help the poor Jews in their affliction."

While the campaign has closed, should there be any one who desires to follow the splendid example of this good man, we can assure them that their gift will reach the proper source. Your pledge may be sent to Mr. R. E. Turley, of the State Bank and Trust Co., and he will forward it to Louisville. All pledges are payable to Mr. Turley, treasurer.

Sincerely,  
O. OLIN GREEN,  
Chairman of Campaign for Jewish Relief in Madison County.

## WILSON'S RETURN MAY BE DELAYED

Italy's Refusal To Accept Wilson's View Opens New Difficulties

(By Associated Press)

Washington, April 24—Confidential dispatches from Paris to administration officials here today, indicate that the crisis brought about by Italy's demands and unalterable determination of President Wilson not to become a party to the recognition of the secret treaties had so upset the peace conference plans that the President's return to the United States would probably be considerably delayed.

The belief is expressed in official circles is that Italy will eventually be obliged to recede from her demands for Fiume and the Dalmatian Coast, though it be recognized for the moment for Orlando to be obliged to maintain an unyielding attitude or face repudiation at home.

The Italian decision to withdraw from the conference is a desperate one but was forced, according to view expressed by opposition in Italy to the present cabinet. It is pointed out that the withdrawal of the Italians did not mean the withdrawal of the Italian government from participation in peace negotiations nor from the League of Nations. Italy might agree to abide by the decision of the other allies and satisfy herself with a protest against the loss of Fiume.

## COAL WAR ON

(By Associated Press)

Louisville, April 24—The Times today says there is a coal war on in Kentucky. ## LONG NEEDED ROAD TO BE BUILT

Red House-Union Pike To Be Constructed—Other Roads Surveyed.

Mr. H. de B. Forbes, acting county Surveyor, Road Engineer, J. G. Baxter and Judge Price were at Red House yesterday for the purpose of locating one and a quarter miles of turnpike authorized at the last meeting of the Fiscal Court to be constructed on the road leading from Red House east toward Union City, and which will be built from funds contributed by the county, the L. and N. R. Co and various persons living along the route.

The portion of road authorized and surveyed at this time is a part of the proposed road from Red House to Union City, and when completed will be about five miles in length and will give a turnpike road to the longest single section of the county that now has no pikes—home of the people of this section being at the present three miles from a macadamized road.

The location is being changed from the present dirt road wherever necessary to secure a better grade or construction, and the road will be of first class type in every respect beginning at the Wesley Parrish place (now owned by Austin Howard) and passing the following places, the names which will be remembered by some of our older citizens, this road will directly benefit some two or three hundred people and it seems peculiar to say the least that it was not constructed years ago. Esq. William Williams place, Bennet place, Martin Green place, Powell place (where the late J. H. Powell was born) Dr. French place, Milo Baxter place, John Tribble place, the old Pace's chapel, J. H. Powell place and store, Henry Wells place, and many others not mentioned.

## ANOTHER ROAD

A survey was made last Monday for one and a half miles of pike to extend from College Hill and Red River pike to the Kentucky river at the ferry at the mouth of the Red River which is the point at which Madison, Estill, and Clark counties join. The road will complete the pike from Richmond to Mt. Sterling and besides giving a great benefit to the people living in it, will afford a good road to Richmond from large sections of Estill, Clark, and other counties.

## MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED

IF CROSS, FEVERISH, SICK, BILIOUS, CLEAN LITTLE LIVER AND BOWELS.

A laxative today saves a sick child tomorrow. Children simply will not take time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue Mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold, or has sore throat, or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry because it is perfectly harmless, and in a few hours all this constipation poison, sour bile, fermenting waste will gently pass out of the bowels, and you have a well and playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children or all ages and grown-ups plainly printed on the bottle. Look carefully and see that it is made by the California Fig Syrup Company. It

## WORLD SHORTAGE IN TOBACCO

So States College of Agriculture. Prospects Favorable To Growers.

(By Associated Press)

Lexington, April 24—The College of Agriculture, of the University of Kentucky, issued a bulletin today, declaring that there was a world shortage of tobacco existing, and citing that Europe immediately needs 500,000,000 pounds of tobacco with but 400,000,000 available for export. It blames the difficulties of transcontinental shipping for the present stagnant market, and regards the outlook for next year's crop as "very favorable," even though prospects for this year's acreage will be greatly increased.
